

NYPD Guardians Association

Monthly E-Newsletter

October 2015

President's Message

Greetings brothers and sisters. It is with excitement and jubilation that I am introducing the Guardian's monthly E-Newsletter. The purpose of this monthly E-Newsletter is to inform members of upcoming meetings & events, ongoing initiatives, and to discuss hot topics. We encourage members to submit topics for publication and suggestions to improve the newsletter.

Over the past year our organization has experienced a steady increase in membership. We have become an important liaison between the Department and the community and continue to meet with Department Executives to ensure the recruitment process is fair and expeditious.

In recognition of our efforts, we received an award from the Grand Council of Guardians, and our very own 1st Vice President, Felicia Richards, was recognized for her outstanding community service efforts.

As President of this great organization I am proud to serve my members in all capacities. I ask for volunteers to assist in furthering our goals of continued community outreach and attending to the concerns of our members. Together we can continue to grow our organization and meet the needs of our membership.

Fraternally Yours,

Yuseff Hamm

African American Day Parade

On Sunday, September 20, 2015 members of the Guardians marched in the 46th annual African American Day parade in Harlem. The first African American Day Parade took place in Harlem in 1969. The parade provides an opportunity for people of African decent to join together to highlight our history and salute African people throughout the world for their outstanding achievements. The parade promotes unity, dignity and pride.
